#### **A handy list of important numbers**

These are important numbers for the emergency services in France. You can call these numbers free of charge from a land-line or public payphone

**Medical – 15**

**Police – 17**

**Fire – 18**

**Sea or Lake Rescue - 1616**

**If calling from a mobile phone you should dial the Single European emergency number.**

**Single European emergency number 112**

**Driving in France – some key points, not a comprehensive list of advice**

**More information available on the website <http://driving.drive-alive.co.uk/driving-in-france.htm>**

If bringing your own car, remember to fit headlight converters, Hi Visibility vests are compulsory and should be carried in the car with you in the car and not in the boot. Warning triangles are also compulsory. First aid kits are advisable but not compulsory. Replacement bulb set recommended.

**Documentation:** always carry your driving licence, vehicle registration document (V5), and certificate of motor insurance. If your licence does not incorporate a photograph ensure you carry your passport to validate the licence. If the vehicle is not registered in your name, carry a letter from the registered owner giving you permission to drive.

**GB sticker:** UK registered vehicles displaying Euro-plates (circle of 12 stars above the national identifier on blue background) no longer need a GB sticker when driving in European Union countries.

If you don't have Euro-plates, a GB sticker is required

The roads in Brittany are relatively quiet but take particular care when pulling out of service stations etc on the left hand side of the road.
